

ANDREA CALDERON ZULUAGA

FRONTEND ENGINEER

ABOUT ME

As a front-end developer, I stand out for my leadership, taking responsibility, and motivating my team to achieve goals efficiently. Responsibility is fundamental for me, as is meeting deadlines with high quality. I prioritize clear and effective communication, fostering a collaborative environment with the team and stakeholders. My experience includes technologies such as React, Node.js, and JavaScript, as well as working with Google Cloud Functions and databases to create scalable and efficient solutions. I have also worked with agile methodologies such as SCRUM. I'm always looking for new challenges to grow and hone my skills. I'm passionate about creating exceptional digital products and experiences that contribute to the overall success of each project.

ACADEMIC STUDIES

University of Antioquia

JUN 2017 - SEP 2023

Computer Science

- Gitlab
- Cypress
- Web service

EXPERIENCE

Frontend Engineer

NOV 2022 - CURRENTLY

Currently I'm working as Frontend Engineer, using the React framework, and the JavaScript languages to implement web pages for customers, in 3D projects for their products, creating new experiences for the users with a full level of personalization. Improvements are also developed with the help of technologies such as GCP, webpack.

Implementation Analyst

MAR 2022 - NOV 2022

Implementation of web pages for customers with 3D models of the customer's products, creating new experiences for the users with a full personalization

Bootcamp DevOps

SEPT 2021 - NOV 2021

Development and completion proposed by the DevCo company on DevOps culture.

Programming assistant

AUG 2020 - SEPT 2021

I developed websites with WordPress and PHP, creating user experiences based on analysis and design. I worked on the design of views and styles for the area's websites. I also developed websites using tools like React, JavaScript, Docker, MySQL, for the management of the library system, I help with the design of views for a better user experience and a more friendly environment.
